

In the following, you will receive an overview of projects already carried out both within the area of fire protection technology using TroxNetCom-LON, as well as in the area of laboratory control using Labcontrol-LON. The list only represents a small selection of examples and represents a lively cross-section of projects from the very smallest right through to large systems.

Completed projects:

- **LUKRA Würzburg**
(motorised fire dampers LON-WA1/B)
- **Flughafen Stuttgart**
(motorised fire dampers LON-WA1/B)
- **Post Tower Bonn**
(motorised fire dampers,
desmoke dampers LON-WA1/B)
- **ICE Fernbahnhof Frankfurt**
(motorised fire dampers LON-WA1/B)
- **Ostbahnhof Berlin**
(motorised fire dampers LON-WA1/B)
- **Oper Düsseldorf**
(motorised fire dampers LON-WA1/B)
- **KH Friedrichshain Berlin**
(motorised fire dampers,
desmoke dampers LON-WA1/B)
- **Nord LB Hannover**
(motorised fire dampers LON-WA1/B)
- **MPI Stuttgart**
(motorised fire dampers LON-WA1/B)
- **Udine Frankfurt am Main**
(motorised fire dampers LON-WA1/B)
- **Tourisline Stralsund**
(motorised fire dampers LON-WA1/B)
- **Theater Luxemburg**
(motorised fire dampers LON-WA1/B)
- **Forschungslabor Bayer AG Wuppertal**
(Labcontrol LON and VAV with LON-WA5)
- **Technische Universität Dresden**
(Labcontrol LON and VAV with LON-WA5)
- **Universität Rostock**
(Labcontrol LON and VAV with LON-WA5)
- **Universität Hannover**
(Labcontrol LON and VAV with LON-WA5)
- **MZL InfraServe Frankfurt**
(Labcontrol LON and VAV with LON-WA5)
- **LUA Erlangen**
(Labcontrol LON and VAV with LON-WA5)
- **IZB Biozentrum Martinsried**
(Labcontrol LON and VAV with LON-WA5)
- **NUB Bremen**
(Labcontrol LON and VAV with LON-WA5)
- **HTW Dresden**
(Labcontrol LON and VAV with LON-WA5)

A detailed listing of Labcontrol projects can be found in the Labcontrol folder.
